

SERIES OF WEBINARS ON AFRICAN SWINE FEVER (ASF): PREPARING FOR ASF RISK ANALYSIS II – PRACTICAL TOOLS

This series dedicated to risk analysis will consist of four webinars. Although the webinars are independent of each other, we recommend attending all of them to gain a comprehensive understanding of how to perform risk analysis, become familiar with the specific risk analysis tools, and learn about the outcome of recent risk analyses.

Dates	Topics
9 November	Foundations of Risk Analysis
16 November	Practical Tools for Risk Prevention
30 November	Risk Management at the Farm Level
14 December	Results of ASF Risk Analysis for Latin America and the Caribbean

SEMINAR IV RESULTS OF ASF RISK ANALYSIS STUDIES FOR LATIN AMERICA AND THE CARIBBEAN

Date: 14 December 2021

Time: 11:30 a.m. - 1:40 p.m. [Central America]

Objective: To provide information to countries in Latin America and the Caribbean about ASF risk analysis studies for the region, which were carried out by FAO and OIRSA.

Target audience: Ministries of Agriculture and Livestock, official veterinary services, private veterinary doctors, pork farmers and farmer organizations, veterinary associations, etc.
